Leadership Essentials for Starting Managers

Start off the right way by learning the essential building blocks to become a successful and inspirational leader

DESCRIPTION

This program is designed to accelerate the role of the frontline manager by adding and providing knowledge, skills and tools needed to effectively handle the challenges starting managers face early in their career as a leader.

PROGRAM OBJECTIVES

At the end of this program, delegates will be able to:

- Deliver business results through inspiring and managing your people
- Build adequate leadership skills for successful engagement and performance in your team
- Identify how to communicate and coach your team effectively
- Perform trusting and collaborative relationships with your stakeholders
- Learn how to delegate with purpose
- Build credibility as a leader by growing your character, competence and caring qualities
- Understand how to set priorities at work

FORMAT/DURATION

- Eight live online sessions of one hour each either by using Microsoft Teams or Zoom (dependent on company policy)
- In company program
- Minimum 12 and maximum 18 participants
- Modules can be merged into longer sessions on request

INVESTMENT

Investment € 4000 (excluding VAT)

This is less than 28 euro per delegate per hour.

Call me for a free 30 minute taster session!
